Health & Safety  
Level 2.

# Health & Safety Level 2.

This course is designed to show the user the basic principals involved with Health and Safety whilst at work. This online Health and Safety course helps you to fulfil legal requirements for providing workplace training; it also promotes staff awareness that can lead to greater efficiency, lower insurance costs and a reduction in lost time.

### Test and Certifications:

At the end of the course you will be given a test of 20 multiple choice questions. The required pass rate is 85%.

You will be able to download and print (if required) a digital certificate on completion of the course.

Main course certificates last 3 years.

### Who is this training for?
